

**FIXED TELECOMMUNICATIONS NETWORK SERVICES LICENCE
TELECOMMUNICATIONS ORDINANCE (Chapter 106)**

Hong Kong Broadband Network Limited (“HKBN”) hereby publishes the tariff of its 10G HKBN Broadband Network Access Service pursuant to its General Condition 20 of its Fixed Telecommunications Network Services Licence. Unless otherwise specified, the basic unit of currency refers to Hong Kong Dollars.

Name of Tariff:

10G Broadband Network Access Service (the “10G Service”)

Description of Tariff:

The 10G Service offers fixed broadband network service for residential customers to access the Internet at 10 Gigabit per second (Gbps) bandwidth speeds.

Services and Charges

Service (each customer termination)	Monthly Usage Fee
10G Service	\$ 50,000

The 10G Service includes unlimited data access.

Remarks:

1. The specification of bandwidth speed is based on Internet connection from the wallplate at customer’s premises to the first piece of HKBN’s network equipment. The actual bandwidth that the customer can use may be affected by customer hardware, software, router specification, destination site traffic loading, type of content being accessed and other environmental factors. The bandwidth to overseas sites will also be subjected to the conditions of local network at remote end and other extraneous factors. Unless otherwise specified, the upload of International Internet access of each subscribed IP address is limited to 20Mbps maximum. HKBN may take appropriate actions from time to time on customer subscribed circuits as it sees fit to ensure that the throughput does not exceed the aforementioned limits.
2. The installation and relocation fees are not included.

3. The 10G Service offered is subjected to HKBN's General and Special Terms and Conditions published from time to time.

Effective date of Tariff:

Immediate
