

63 in One Voice

(Hong Kong – 7 Sep 2012) At Hong Kong Broadband Network Limited (HKBN), we do not often throw cocktail parties so when we do, it is to mark something BIG. Last week, we held a cocktail reception at Four Seasons Hotel Hong Kong for over 220 guests to meet our new 63 Co-owner-managers, as a result of the CVC Capital Partners' lead Management Buy-Out.

No other telecom company in Hong Kong sees so many middle and senior managers align their own interests with their company's by investing 1-2 years of their salary to buy collectively 14% of the company shares. This is a concerted vote of confidence and an unswerving commitment to our continuous advancement of service quality and business performance.

This is why we told our current and future customers at the cocktail that we vow to be their most trustworthy business partner, and to achieve an extraordinary future with people of Hong Kong.
